GUILFORD 10 AND OAK RIDGE 0

A HOTLY CONTESTED GAME AT THE FAIR GROUNDS YESTERDAY.

The Teams Played a Smooth Game, But the Crowd Helped to Amuse Itself—Oak Ridge Plucky, But Guilford Had Superior Team—Plenty of Spice in the Way of Squabbling by the Teams and Scraps Among the Crowd—Horse Racing During the Game Helped Along the Diversion—The Other Games Yesterday.

The game of football between Guilford College and Oak Ridge which occurred yesterday afternoon on the ground of the Central Carlolina Fair was won by Guilford with a score of 10 to 0. Aside from a manifestation of the spirit of rivalry that has prevented teams of these institutions meeting since 1893, the game was a very pretty one. Oak Ridge played manfully and well, but Guilford showed its superiority on all occasions. There was a good deal of squabbling on points between the two sides, but while they were playing, the game went smoothly and very interestingly. Kirkpatrick, (O. R.) at center, was a stonewall, and Brown full back for Oak Ridge, played brilliant ball, but not more so than Daniels, of Guilford, who starred on both defensive and offensive work. Morton and Love of Guilford, also deserve special mention.

The crowd of spectators, which would undoubtedly have been large but for the drizzling rain when the game began, numbered perhaps between two and three hundred. It was a gay old crowd, too, at least a number of individuals in it were loaded well enough to furnish fun for the remainder, and in entertaining qualities they divided honors with the teams. There were any number of fights of more or less severity. On man had three. Some of them were heavy struggling matches, and as the whole crowd in the vicinity always rushed in to part them, the spectators appeared to be carrying on a pitched battle, with skirmishes, marches and counter marches. Beside this, it became impossible to keep the crowd off the field and it kept the teams hugged tightly as they played over the field. This added to the confusion, and kept the Oak Ridge and the Guilford sympathizers pretty well mixed up, and they didn't fail to talk warmly to each other. When there was no squabbling between the friends of the teams, and the teams themselves, there were enough drunken men about to keep things lively. It all showed football at its worst, and the real friends and lovers of the game always regret such.

At the end of the game there came near being a big free fight. Prof. J. Allen Holt, of Oak Ridge, who, with Prof. Wilson, of Guilford, was time keeper, deemed that, both as an official of the game and as a gentlemen, he had been insulted during the game, by Mr. Hill, one of the Guilford players, and as soon as the game was over called him to apologize. The conversation which ensued resulted in Professor Holt striking Mr. Hill. Immediately there was a great hubbub. The Oak Ridge men rushed up yelling that Prof. Holt had been hit or insulted and wanted to avenge it, while Guilford men were equally anxious to take up for their side, the crowd surged backward and forward, fists, umbrellas and canes in the air. It could not be told which was which, who wanted to fight and who were trying to restore order. Meanwhile Prof. Holt and Prof. Wilson who were together, had left the field. Enough cool heads were in the crowd to somewhat restrain it, and Mayor Taylor, who was among them, shouted for order and accompanied Mr. Carl Hill, the Guilford man implicated, and the special object of the feeling of the Oak Ridge sympathizers, off the field.

After leaving the field, Mr. Hill said to a Telegram reporter that he really did not know why Prof. Holt struck him. Prof. Holt was asked about it at the McAdoo House and made a full statement of his side. "I was an official of the game," he said, "with Prof. Wilson of Guilford. During the latter half of the game, Mr. Hill, one of the players, called out loudly to Prof. Wilson to take me off the field. I remarked to Prof. Wilson that that was a public insult, as I was an official of the game and had a right to be on the field, and I should demand an apology when the game was over. Prof. Wilson said he thought the young man should, and would, apologize. Some of our boys heard it and wanted to resent it, but I told them to let it alone, I would speak to Mr. Hill after the game, but didn't care to have any of them present. When the game was over I called Mr. Hill aside and demanded an apology. He was slow and hummed and hawed. I saw the crowd gathering and told him to apologize at once. So did Prof. Wilson. As he did not, I slapped him with my left hand. I was still holding the watch in my right hand. Prof. Wilson and I immediately left the field."

It is singular that with the whole game, and the fights and threats of fights, nobody was hurt.

The line-up of the teams was as follows:

Guilford College.		Oak Ridge.
Cox	c	Kirkpatrick
Ragan	lg	McClure and Dail
Martin	rg	Adams
Holton	lt	Heath
Millikan	rt	Jones
Lewis	le	Gor am
Short	re	Dye
Morton	qb	Ridge
Daniels	fb	Brown [linson
Hill	rhb	Townsend and Tom-
Love	lhb	Ross and Trogdon.

THE GAME IN DETAL.

Guilford wins toss, kicks off and defends north goal. Ridge returns ball 10 yds from 1070 line. Ross makes 4½ thro line, followed by 4 more thro line, and then 6. Graham 11 Brower 3, and Ross making no gain, ball goes to Guilford. Short hits left end for 16 yds. On the two succeeding downs, no ground being gained, Daniels kicks 20, Ridge returning 5. Ross makes no gain. Townsend 4 thro left end, the ball not advancing next down ball goes to Guilford. Daniels hits the line for 4, followed by 4½ thro left end. Oak Ridge steadied herself and took the ball away from Guilford on downs. Townsend skirts left and behind a "ends back" for 15 yds. followed by another of 2. Ross gains 3 thro line, then 3 more thro line on quick opening. Guilford again gets ball and Daniels makes 5 thro line on back formation. Holton no gain, Hill no game, and Daniel kicks and Guilford College gets ball. Guilford gets half the distance to goal on off side play by Kirkpatrick. Daniels makes 24 on beautiful run, and next down is pushed over for touchdown. On kick out, Guilford misses her catch and the score stood 5 to 0. Ridge, the plucky little quarter-back of Oak Ridge, was hurt here, but he kept in the game, doing his part at quarter with invicible pluck, not a single fumble being made by him.

On kick off by Kirkpatrick 1070 line, Daniels returns ball 17. Kirkpatrick is hurt but keeps in game. Oak Ridge holds Guilford for downs and on first rush Ridge makes 8 through line on fake pass. Townsend 3 thro line.

Second half. Kirkpatrick kicks off for Oak Ridge to 20 yd line. Daniels gains 7 around leftend. Holton makes a beautiful run of 30, with a touchdown safe, but he stumbles and loses ball to McClure. Dail, O. R. replaces McClure at left guard and Tomilson and Trogdon halves. Tomilson gains 7 around left end. Guilford holding Oak Ridge for two rushes. Brown kicks 10 yds. After repeated gains by Guilford, Daniels is pushed over for touch-down. Daniels fails to kick goal, making the score 10 to 0 in favor of Guilford. Time was called with the ball about midway between the goal posts.

Time:—30 minute halves.

Officials:—Dr. Roach, referee; Garland Daniel, umpire.

Time keepers: —Profs. Holt and Wilson.

ANOTHER INSURANCE COMPANY.

TO WORK IN CONNECTION WITH THE HOME COMPANIES.

The Southern Loan and Trust Company Establish an Insurance Department, Which Will Take the Place of the Williamsburg City in Carrying Excess Lines.

The stock-holders of the Southern Loan and Trust Company have decided to establish an insurance department, to transact a general fire insurance business on the old line stock plan.

This action has been taken because of the difficulty experienced in getting another stock company to take the place of the Williamsburg City of New York, which had been of great assistance to the local agents of the Southern Stock Mutual and Underwriters Insurance Companies of Greensboro, in carrying their excess lines and some classes of risks that the dividend paying companies could not afford to write, the Williamsburg City having retired from the State on account of the insurance laws of 1899. It will be in no sense a competitor of the other Greensboro companies, as it will pay no dividend to policy holders, but is intended to strengthen their agencies, many of whom have found it impossible to get any company to take the place of the one lost.

This is no new field for banking institutions. One of the most successful banks in Virginia has been doing an insurance business and has found it very profitable, its assetts being now $1,750,000.

There is no way in which the people of North Carolina can enhance the financial interests of the State more than by patronizing good home insurance companies. The Southern Stock Mutual and Underwriters of Greensboro have saved to the people of the State in a few years about $125,000 directly, besides by their competition causing the Southeastern Tariff Association to so reduce rates as to cause an annual saving of $100,000 in premiums.

As the assets of the Southern Loan and Trust Company exceed those of any other North Carolina insurance compauy, it will no doubt receive a liberal potronage, not only from the people of Greensboro, but other communities of the State, and lessen materially the amount of money that goes North and to Europe.

The insurance department will be entirely separate from the banking and trust departments, and will be under the management of the vice-president, Mr. A. W. McAlister, who is acknowledgek to be one of the best insurance men of the State.

TRINITY WINS THE CUP.

Wake Forest Awarded the Praise for the Best Oratory and Trinity for the Best Argument—Tremendous Crowd.

Special to The Telegram.

Raleigh, Nov. 29.—For two hours before the opera house doors were opened for admission to the Trinity-Wake Forest debate, a crowd waited in the streets. As soon as the doors were opened there was a mad rush for seats and in a few minutes every seat was taken. College spirit ran high, each college giving its college yells until its debate began.

The debate was opened with an explanation of the contest by Mr. Josephus Daniels, editor of the News & Observer. The query, "Resolved that the South Carolina dispensary law is unwise," was read by the secretary and then the sides of the respective colleges announced, Trinity having the affirmative and Wake Forest the negative.

The debate was opened by Mr. J. F. Giles, as a representative of Trinity. Mr. S. G. Flournoy followed in behalf of Wake Forest. The affirmative was continued by Mr. W. H. Wanamaker. W. A. Dunn followed in support of the negative. The last gentleman on the affirmative was Mr. F. S. Caden. Mr. H. E. Flack spoke as the last gentleman on the negative.

According to agreement of the terms of the debate each debater was allowed a five minutes' rejoinder. Each debater replied in a short, forcible rejoinder.

The judges then retired and in a short time returned with a verdict that in point of oratory Wake Forest excelled, but in argument Trinity was superior. Therefore, by the rules of the debate, the cup was won by Trinity.

AMERICAN LEGATION VISITS.

Entertained in a Japanese Home on Thanksgiving Evening—Social.

In response to the following unique invitation, a happy party of young people gathered at the hosp table home of Mrs. F. L. Reid, on West Market street last evening:

"The American legation is to visit a a Japanese home, and will be entertained by the girls who will be delighted to have you honor them with your presence.

"Mrs. F. L. Reid,
Thanksgiving evening, 8 to 12."

The invitations were concealed within Japanese mannikins which are prized by the recipients as souvenirs of a most delightful occasion. A guessing contest in which the answers to the conundrums asked were the names of great men, was much enjoyed. "What did the Emperor of China do to the Empress when she usurped his throne?" was one of the many good ones asked. The answer is, "cussed her." (Custer.)

Several selections of music of an enjoyable nature were rendered and appreciated. Last, but not least, were delicious refreshments served in the dining room

Those present were Mr. and Mrs. G. E. Wood, Misses Lola, Minnie and Annie Reid, Catherine Geiter, Alice Shemwell, of Lexington, Minnie Lyon, Mozelle Andrews, Hettie Lyon, Nettie Murray, Helen Wheeler, Daisy Carraway, and Messrs. Jim Mann, Lacey Sellars, Moody Stroud, George Patterson, Eugene McNairy, Frank Leak, Charles Murray, Chas. Harrison, Dr. Edmund Harrison, Prof. A. B. Broadhurst, Hugh Broadhurst, of Goldsboro, Rev. C. E. Hodgin, and Fuller Reid.

The Euterpe club meets tomorrow afternoon with Misses Mary and Ada Swaim.

BOARD OF STEWARDS MEET.

Miss Mabel Hill Elected Organist at West Market With Miss Lola Carraway Assistant Organist.

The Board of Stewards of West Market church met last night and elected Miss Mabel Hill organist and Miss Lola Carraway assistant organist for the present year. No better selection could be made. Miss Hill is a musician of rare ability, with much experience in choral work. Miss Carraway is well known to the West Market congregation where her voice has charmed all who have heard it. Miss Helen Wheeler was elected organist for the Sunday school and prayer meeting.

The Board also elected the following officers: President, Mr. J. A. Odell; vice-President, Mr. C. H. Ireland; Secretary, Dr. John H. Wheeler, Treasurer, Prof. W. F. Alderman; Chief Usher, Mr. C. H. Dorsett, who will appoint his assistants.

Rev. B. F. Carpenter Married.

Rev. and Mrs. B. F. Carpenter, who were married in Durham Wednesday afternoon, passed through Wednesday night on their way to visit the groom's mother near Shelby. Mr. Carpenter is a Methodist preacher and attended Conference here last week. Mrs. Carpenter was Miss Pendergraff, of Durham. The young couple have many friends in the Conference who offer congratulations. Mr. Carpenter's work this year is on the Salisbury circuit.

FOOT BALL CROWD'S DISASTER.

EIGHTY-TWO PEOPLE KILLED OR GREATLY WOUNDED.

In San Francisco a Crowd Had Gotten Upon a Roof to Witness a Game and it Collapsed—Directly Under it Was a White-hot Furnace Into Which They Plunged—Today Seventeen are Dead and Twelve More Dying.

By Wire to The Telegram.

San Francisco, Nov. 30.—While 16,000 people were watching the football game between the Stanford and Berkeley teams yesterday the roof of the San Francisco and Pacific Glass works, on which several hundred men were congregated for the purpose of obtaining a free view, collapsed, carrying more than a hundred men and boys down upon the white-hot furnace below.

The furnace was directly underneath the portion of the roof which gave way. It is a brick structure, and the top is a curved surface. The exterior heat on the top of this furnace at the time of the accident is said to have been 500 degrees Fahrenheit. This is where at least fifty fell when the roof caved. When the alarm of the disaster was sounded many of the employes and outsiders ran to the scene. On the top of this glowing furnace lay two score of men and boys writhing in agony. Some were stunned after striking the iron girders, others had fallen headlong and were either dead or unconscious. Those not seriously injured hurried to the aid of friends. But for the timely aid of these the death list would have been triple. The scene that was presented looked like a slaughter house.

At least eighty-two persons were injured. The dead now number seventeen and it is feared twelve others will die.

Death of Mrs. Barnwell.

Mrs. Minnie Barnwell, wife of Mr. John Barnwell, died at her home in Burlington yesterday afternoon at 4 o'clock. She leaves a devoted husband and one daughter, "Little Mamie," to mourn her loss. Deceased was a relative of Mrs. Cam Witherspoon and Mrs. W. I. Montgomery, of this city, and she has many other friends here who will be grieved to hear of her death. The funeral services will be conducted in the Christian church at 12 o'clock tomorrow and the interment will be at Pine Hill cemetery.

Prof. N. C. English Married.

Prof. N. C. English, for many years professor of English literature in old Trinity College, was married to Miss Jennie Bouldin, of Archdale, last evening at the home of the bride's mother. The couple passed through Greensboro this morning on the way to visit friends in the eastern part of the State.

They will make their home at Trinity, where Prof. English has resided since he gave up his position in the College when it was removed to Durham.

Will Leave Greensboro.

Mr. George D. Boyd, who has been connected with the Cone Company in this city for some time, has accepted a position with the American Supply Company, of Providence, R. I. Mr. Boyd will travel the Southern States and will handle mill supplies of every description. He leaves in about two weeks for Providence. He has a large circle of friends here who regret to see him leave Greensboro, of which he has been a resident for several years.

LETTERS TO SANTA CLAUS.

Thanksgiving is gone now. The next event that the young heart turns to is Christmas and the coming of Santa Claus. Every youngster wants to tell Santa Claus just what he wants. The Telegram will undertake to make known these wants to Santa Claus. Let all the little boys and girls who want to see Santa Claus write him a letter and the Telegram will publish it so that he will be sure to see it. The letters will be published as soon as enough have been received. Do not write long letters, as Santa Claus won't have time read them.

is where we stand in the lumber business. At the kicking spot, as it were, in regard to prices.

First comes the owner of the timber. He just woke up to the value of it and wants double last year's prices. Then the sawmill man. He has not been making a fortune and thinks now he should share a little in the general prosperity

They say to us: "We must have so much for our trees and work." After a while it is "up to you." Don't kick. You don't suppose we have nerve enough to put up prices unless they had first been put up on us. No, indeed. But prices are NOT high. They have been to low and are just now getting reasonable. Your children will be glad to build at double the price it now costs you. It is a trite, but true saying, if you want to build, "Now is the time."

And ours is the place to get the stuff.

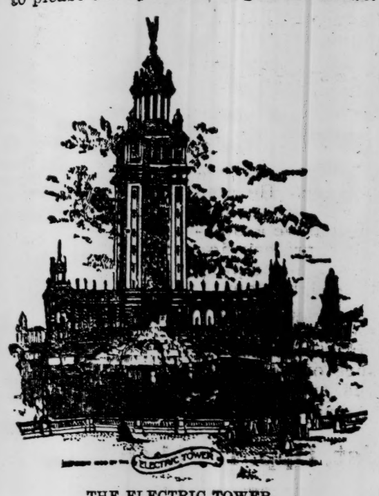
BRILLIANT IN COLORS

PAN-AMERICAN EXPOSITION WILL GLOW WITH WONDERFUL RADIANCE.

Electrical Illuminations and Other Features In Which Buffalo's Fair Will Excel All Former Enterprises of This Description.

Even the Buffalonian cannot comprehend the exquisite character of the great Exposition he is building. Is it any wonder, then, that the distant native still asks what it is to be? Indeed it is to be everything that is graceful, harmonious and beautiful. Form and color will join their wonderful forces to please the eye and delight the sense.



THE ELECTRIC TOWER.

"Magnificent" is not too strong a word to express the character of the completed work. He is a man of dull imagination who, now visiting the grounds, cannot picture in some degree the comeliness and stateliness of the finished enterprise.

The Pan-American Exposition is intended to be in every way an artistic triumph. From the very beginning it has been the purpose of those who have been intrusted with the making of this Exposition to present to the world the most artistic creation ever conceived for a like purpose. The arrangement of the buildings, the style of architecture, the decorative work, the embellishment of the grounds and the electrical illumination are some of the features that will stand out prominently in the Exposition picture. There are 33 acres in the courts around which stand the principal Exposition buildings. While the whole Exposition plot of 350 acres will be as beautiful as nature, with the artistic help of man, can make it, the several courts will be the particular center for formal decorative work. The courts are arranged in the form of a cross, the north and south courts bearing the names of Court of Fountains, Plaza, Fore Court and Approach and being nearly 3,000 feet in extreme length. The Transverse Court is known as the Esplanade and is 1,700 feet from east to west. Two subordinate courts open into the Esplanade, known as the Court of Lilies and Court of Cypresses. The combined area of these courts is approximately two and a half times the area of the courts at the World's Columbian Exposition and for this reason gives a far greater opportunity for artistic treatment.

It has been said of this Exposition that it would outrival all former enterprises in a number of important features. The first of these is in the court settings just described. The second is in the plastic ornamentation of buildings and the elaborate use of sculpture for decorative purposes. As a third may be mentioned the hydraulic and fountain effects. These are of a most elaborate character and are to be seen in all of the courts. A fourth feature is the horticultural decorative work. Sunken gardens and formal floral ornamentation will be employed at every point where the bright colors of foliage and flowers will add to the beauty of the scene. As a fifth feature may be noted the color decoration of the buildings. This is a very elaborate undertaking, the result of mature study upon the part of the best mural painters of the world. Considered a very difficult, if not embarrassing, problem at first, it has been worked out by patient study until results very pleasing and happy have been achieved. A sixth point of excellence will be the electrical illumination of all the courts. Then the brilliance of the gardens and the radiant beauty of the buildings will be heightened by the glow of 200,000 electric lamps arranged with artistic conception and illuminating with fantastic hues the numberless fountains and pools and turning the scene into one of unrivaled splendor.

The style of architecture is what is described as a free adaptation of the Spanish renaissance. It is particularly appropriate for the purposes of an Exposition since it gives opportunity for the employment of many architectural features of a festive character. Thus the visitor may see many lofty towers and lanterns, graceful domes and minarets, airy pavilions and other decorative work that will produce a sky line free from any suggestions of monotony or severity.

The Electric Tower, standing in a broad pool between the Court of Fountains and the Plaza, is to be the centerpiece for electrical illumination. This tower is 80 feet square and 375 feet high, with circular wings curving from the east and west sides to the southward and forming a semicircular space in which are to be many beautiful fountain features. From the southern face of the Tower a cascade will gush from a niche, 70 feet from the ground, and fall upon a terraced base. At night this cascade and the fountains and pools will be illuminated in fantastic colors. Floating lights upon all the pools will form an interesting feature of the general scheme of illumination.

Some 30 or more American sculptors of renown are at work upon the decorative groups which are to have a place at this Exposition. These are to be nearly all original productions under the master direction of Karl Bitter. It will be the most elaborate use of decorative sculpture ever undertaken at an Exposition, there being more than 125 groups. These will adorn the fountains, bridges, entrances to buildings and other salient points.

Besides the pools and fountains, within the several courts will be a grand and stately canal which will surround the entire group of buildings. In the southern reaches of this canal are artificial bodies of water known as the Mirror Lakes, from which lagoons extend in several directions, thickly set with aquatic plants of rare species.

In addition to the sunken gardens and other floral features of the courts will be the horticultural exhibits in the southern part of the grounds. These will consist of several acres of beds of the finest productions of the best nurseries and greenhouses of the western world. The competition for supremacy will be very keen and the lover of flowers will have a rare opportunity to make a comparison of the merits of the productions of competing growers.

MARK BENNITT.

STORY OF A SLAVE.

To be bound hand and foot for yeasr by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich., tells how such a slave was made free. He says "My wife has been been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle-working medicine is a godsend to weak, sickly, rundown people. Every bottle guaranteed. Only 50 cents. Sold by C. E. Holton, druggist.

DeWitt's Little Early Risers are the best liver pills evermade. Easy to take and never gripe. Howard Gardner.

A GOOD THING.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures coughs, colds and all lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. GOOD ADVICE.

The most miserable things in the world are those suffering from dyspepsia and liver complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects: such as sour stomach, sick headache, hahitual costiveness, palpitation of the heart, heart-burn, waterbrash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, etc. Go to your druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it. Get Green's Prize Almanac.

THE RACING.

While Guilford and Oak Ridge were bucking each other, three or four trotters were flying around the track Mr. J. F. Jordan's "Little Man," G. Daniel's "Cherokee," George Vanstory's "Eunice Walker," and Carl Wheeler's "Ecce Boy" were out for honors. Eunice Walker won the first heat, and Ecce Boy the second At the end of this one, Wheeler and Vanstory collided and broke up the racing.

Not the Facts in the Case.

Winston Journal.

The United States Government has entered suit in the United States District Court at Greensboro against Messrs. Eugene E. Gray and J. B. Vaughn, of Winston, for the recovery of $2,025.27, the value of arms and equipments loaned the Davis Military School several years ago, and which have never been returned, though the school suspended some time ago. Messrs. Gray and Vaughn were the institution's bondsmen.

The above in the morning papers does not state the facts in the case. Mr. Gray has receipts showing that all the guns ammunition, etc., have been returned to Uncle Sam except those to the value of about $91. This includes six Springfield rifles and about $18 worth of other ammunitions

Accoutraments which were misplaced at the school for some reason were not returned.

An Even Exchange—Turrentine-Rowe.

Charlotte Observer.

The loss to the city of Charlotte and to Charlotte District, Western North Carolina Conference, of Presiding Elder S. B. Turrentine, is one to be regretted. He is not only a strong thinker and a fine preacher, but he is one of the most lovable of gentlemen, and not only Methodists but people of all denominations who know him are very fond of him. Yet, if they do not know it, the city and the district have drawn a prize in his successor, Rev. J. C. Rowe, D. D. He is one of the best men that ever lived and it is very doubtful if in preaching ability North Carolina Methodism has his superior.

Everyone knows that the hailstone is onion-coated, and that the layers vary in texture from snow to hard ice, indicating that they were not all deposited under the same conditions, and proving conclusively that the hailstone was not made in one operation; that is, the stone must have been maintained in the atmosphere for some time before it grew to its full size.

"If a spray of liquid air is applied to the skin," says Omega, "the part at once becomes anemic and perfectly colorless. If the application is made only for a few seconds, the color as quickly returns and the skin is congested for some minutes thereafter. Within much less than a minute's time, by means of a spray, the part is frozen as hard as ice, but, strange to say, in a few minutes circulation returns without injury to the tissue, providing the part is not in the end of some extremity. here is no pain in the application excepting at the very beginning; but there is a slight burning or tingling. It also completely anesthetizes the part to which it is applied without freezing it solid."

PETTICOAT COLONELS

Royal Ladies of Europe Who Don Regimentals.

Queens and Princesses Lead Troops, Participate in Drills, and Ride with Skill and Grace—Kings Are Poor Horsemen.

It is not generally known that most of the royal ladies of Europe are colonels of both infantry and cavalry regiments, and that some of them even devote a good deal of time and attention to their subordinate soldiers. Nearly all of them, when arrayed in their regimental garb, seem to lose every vestige of feminine appearance, and at a distance they certainly look very mannish.

Foremost among the feminine royal colonels is the German empress. Her majesty is chief of the famous First regiment of imperial cuirassiers. Often on parade days the empress may be seen riding at the head of this military body, and, after saluting the emperor, rein in beside him and let the regiments pass. She cuts a dashing figure, as she is tall and well formed. Her regimental uniform is very showy—red facings on a pure white material, surmounted by a three-cornered hat with large, drooping heron's plumes.

Queen Margherita of Italy has grown quite stout of late, and just before King Humbert's assassination ordered a brand new colonel's uniform, in which she appeared at the head of a regiment of Hessian rangers. This royal amazon is very seldom seen on horseback in her own country, but when on a visit to the duchy of Hessia she delights in honoring her regiment, of which she was made an honorary chief by Kaiser Wilhelm, her late husband's most devoted friend and ally.

The kaiser's mother, ex-Empress Frederick, is chief of the Second regiment of imperial hussars. She is perhaps the only royal woman who has retained her feminine looks on horseback. Despite her advanced age she looks quite pretty. She is also commanding officer of the Eightieth infantry, battalions of which are stationed at Homburg and Wiesbaden, within a couple of hours' ride of her summer residence. During her stay there she frequently invites the acting colonel, staff and the line officers to dine with her and discuss regimental matters, and at times she attends the field exercises of her men.

A very manly appearance has the Grand Duchess Victoria of Hess when dressed in her regimentals as colonel of the Third regiment of Hessian infantry. She is very enthusiastic about her soldiers, and does not regard her position as honorary. She is often on the parade ground, even when the regiment is at work. Then she appears in undress uniform, consisting of a dark blue coat, red collar and cuffs, edged with blue, and a heavy black shirt. What gives her a manly appearance more than anything else is her peaked helmet, tightly strapped about her chin.

The Crown Princess Maria of Roumania is another royal female colonel, who considers herself bound to her regiment in more than name. She is the chief of the Fourth regiment of Roumanian hussars. She looks very imposing at the head of her troops, and is a very skillful horsewoman. This petticoat colonel is a woman of versatile talents; she has written voluminously in the sphere of fiction and histrionics. As an amateur actress, both in the German and Roumanian languages, she has displayed wonderful talents, and it is said of her that she is the power behind the throne in Roumania.

Among younger royal female colonels are the Crown Princess Charlotta of Saxe-Meiningen and Princess Adolph of Schaumburg-Lippe. The former is chief of the King Frederick III. regiment of grenadiers, and the latter commands the Fifth Westphalian infantry.

Queen Wilhelmina of Holland, the youngest of all, is chief of a number of Dutch and German regiments. She looks exceedingly pretty in the uniform of a general of the royal horse guards, dark blue, with gold facings, epaulettes and the numerous insignia of rank. Sometimes she appears at the head of her troops riding on her favorite pony "Baby," wearing a white amazon riding habit, with the regulation tall black hat.

It is a curious fact that while nearly all the royal ladies of Europe are superb and picturesque horsewomen, few of the reigning sovereigns are even tolerable riders. Emperor William has not a firm seat, and is at a disadvantage because of his crippled arm, and always mounts with assistance of some kind.

King Humbert of Italy was famous for his falls, the emperor of Russia is not a master of the equestrian art, and the kings of Sweden, Greece and Denmark absolutely abhor riding. The king of Portugal finds no enjoyment when mounted because of his "embonpoint," Prince Ferdinand of Bulgaria cannot ride for an hour at a time, and King Alexander of Servia is afraid of horses.

PERSONAL MAGNETISM PROPER.

Its Development and How to Use It

Is the title of a series of scientific lessons just published and offered to the public at a very reasonable price. This is one of the greatest, grandest and most useful sciences ever offered to a knowledge loving people.

Many people will ask "what is this personal magnetism, and what good is there in it," to which we answer that it is the power that brings a man success in his calling, it is the power back of the words of the orator who holds his audience spellbound; it is the power by which the minister of the gospel holds, pleases and enlarges his congregation; it is the power by which the physician convinces his patient of his ability to cure; it is the power back of the words of a conversationalist that convinces his hearers; it is the power that makes a person agreeable to those with whom he comes in contact; it is the natural power that makes one able to see and understand things as you do; it is the power that makes the proficient teacher and instructor; it is the power by which the successful lawyer convinces both court and jury; it is the power by which both merchant and salesman increase their sales; it is the power back of the words of the editor that satisfies his readers and increases his business; it is the power that makes the society lady or gentlemen agreeable and facinating, in short it is the natural unseen power that makes man or woman a ruling power over much. When God commanded man and woman to subdue the earth and everything therein right then and there he imbued them with the invaluable power of personal magnetism. Man and woman from that moment became a living power, and like all other valuable intellectual faculties it was made latent in each individual and left to be developed as other intellectual faculties are. It is indispensable to success in life to have this most valuable talent developed. The very reason so many people, possessed of otherwise well-developed powers, fail in their undertakings, is simply because they never have had developed in them that most valuable power, personal magnetism. Years of research and experience has given rise to the discovery of one of the most scientific, thorough and perfect systems of cultivation of this grand power.

Prof. Mac Knight, of the "New York Institute of Science," has recently perfected his new series of lessons which is the promulgation of the only thorough system of learning one how to develop this wonderful power. His new and grand system is now being adopted into the leading Universities and Colleges and is recommended by their professors as being the only series of the kind ever offered.

A class will be organized in Greensboro for both ladies and gentlemen and the instruciions will be given in person by the professor himself—an opportunity rarely offered. The Hamner School of Science and Healing, of High Point, N. C., has inaugurated this system and any one desiring terms for a course of instruction therein may address the above school. Lessons may be taken at your house if desirek. Terms reasonable. This is the opportunity of a lifetime.

A man in Macoupin, Ill., has fitted his carriage with an arrangement of overhead pipes which have perforations to direct jets of air on the passengers. A fan casing is attached to the under portion of the running gear, with the fan shaft geared to a toothed wheel secured to one of the carriage wheels, the gears being in proportion to revolve the fan rapidly even when the motion of the carriage is slow, thus forcing air into the pipes and distributing it for use.

THE ART OF ENTERTAINING.

A Few Points for the Guidance of Hosts and Guests in Social Entertaining.

The house itself may be helpful in making visitors feel at home. We should have nothing too fine for comfort, and welcome our friends in rooms made homelike by our daily use, writes Mrs. Burton Kingsland, in Ladies' Home Journal.

It is well to have easy rules about breakfast. It is customary to give one's guests the option of having tea or coffee, rolls and fruit sent to their rooms, or of joining the family.

No hostess apologizes for any guest. All are on the same social plane while under her roof, and should receive equal consideration.

It is a disputed point whether host or guest should suggest retiring for the night. It relieves visitors of embarrassment to know the ways of the household, and a readiness to comply with them is a mark of politeness.

It shows no lack of cordiality to refrain from urging friends to extend their visit. They probably have other pleasant plans, and a hostess may be asking a great favor when she fancies that she is conferring one.

Experienced entertainers recommend that the men should generally spend their mornings together and women enjoy each other's society. All meet at luncheon.

Hosts and guests meet in the drawing or living rooms before the meals. Not less than five, nor more than 15 minutes should be allowed for all to assemble.

Every guest should be made to feel that his or her presence has added to the pleasure of the entertainment, and conferred a personal gratification upon the hosts.

A prompt expression of gratification in remembering the visit at once, upon returning, is an evidence of good breeding.

A guest should hold sacred anything that may be learned of the family life or the peculiarities of any member of the household where hospitality has been accepted.

Visitors should fall in readily with any plan proposed for their pleasure, showing a disposition to be easily amused and interested, but must not seem dependent for amusement.

Electricity on Bavarian Farms.

Use of electricity as an aid in agricultural pursuits has been tested on a considerable scale in Bavaria. The current is generated near the village of Schaftersheim, a distance of seven miles. The current is generated partly by steam power and partly by water. The current is to be transmitted at a pressure of 5,000 volts to the surrounding villages, where it will be used for driving agricultural machines of various kinds. Special motors have been devised which can easily be operated by farmhands.

PREVENTED A TRAGEDY.

Timely information given Mrs. George Long, of New Straitsville, O., prevented a dreadful tragedy and saved two lives. A frightful cough had kept her awake every night. She tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and $1.00. Every bottle guaranteed. Trial bottles free at C. E. Holton's drug store.

SOME OBSERVATIONS BY NIXY.

David Harum Says: "Ther's as much human nature in some folks as th' is in others, if not more." And it certainly shows itself in very surprising ways at times. At least this is the conclusion Nixy has arrived at, after a shopping expedition in one of Greensboro's stores, and a stroll around town afterwards.

* * *

While waiting for "change" in a store where china is sold, an old lady came in and asked in a timid voice to be shown some cups and saucers. She examined the different styles, but said she would prefer a smaller size. The clerk informed her that they had no smaller size, and asked if it were not possible for her to make what they had in stock answer her purpose. She replied: "I'm afraid not. I ain't got nothing to say against them—they're very pretty, but they're too large; just suppose one of them was full of coffee, and a fly should drop in it, the whole cupful would have to be thrown away, and think how much it would waste. No, I guess I'll go where I can get a smaller size."

* * *

Wishing to find a certain shop on East Market street and not being quite sure what block it was in, Nixy stopped a small boy at the postoffice and asked for information.

As quick as a flash he pulled from his pocket a piece of blue chalk, and kneeling on the sidewalk drew a large circle, at the same time remarking: "Here's the world." Then drawing a smaller circle within the large one, he went on: "And in the world here's Greensboro." Then making a cross in the smaller circle, he finished: "And in Greensboro, here's the Loan & Trust building, and it's two buildings on the other side of that."

* * *

Two farmers were standing in the postoffice discussing crops, weather, the election, etc., and at last the conversation turned on horses. One of them began to extoll the merits of a horse he owned, and enlarged in particular on its speed. The other listened with a half cynical smile on his face, and when the first had finished and wa busy taking a fresh chew of tobacco, he said in a slow drawl: "Well, I'm not saying a thing against your horse, but if you really want to see a horse that will go, why there is that one of mine." "The other evening I was going home from town and a shower came up, when I was only half way there. It began to rain like blue blazes, but do you know that I never got wet? I simply whipped up that horse of mine and she put for home, and we kept ahead of that shower all the way. It never got any further than the hind part of the wagon. That horse beat it by a good six feet."

* * *

Two small "coons" were walking along ahead of Nixy, each balancing a tray full of dishes, which contained somebody's dinner, on his head; they were singing, "All I Want is My Black Baby Back," and became so interested in their own noise, they failed to observe a small dog that started to dodge between them. But in some way one of the boys got his feet tangled up with the dog, and in his struggles to keep from falling, he unconsciously ducked his head, and off went the tray with a crash, to the ground. Instantly the song ended and a dismal wail went up from the son of Ham who had been carrying it. There he stood sobbing, amidst the chaotic mass of broken china, potatoes, meat and pie; while his companion looked on speechless.

Nixy tried to offer consolation by telling him he was not to blame, it was an accident, and the dishes could be replaced. But he still sobbed on, and his companion, after a worried look at him, turned and said: "It ain't the dishes he's crying 'bout, but dat yer nigger knows he's g'wine to get the lickin' of his life." NIXY.

RHEUMATISM — CATARRH — DIS

EASES CURED BY B. B. B.

It is the deep-seated, obstinate cases of catarrh and rheumatism that B. B. B. (Botanic Blood Balm) cures. It matters not what other treatments, doctors, sprays, liniments, medicated air blood purifiers, have failed to do, B. B. B. always promptly reaches the real cause and roots out and drives from the bones, joints, mucuous membrane, and entire system the specific poison in the blood that causes rheumatism and catarrh. B. B. B. is the only remedy strong enough to do this and cure ond so there can never be a return to the symptoms. Don't give up hope, but try B. B. B. (Botanic Blood Balm) or 3 Bs.

For sale by druggists and Howard Gardner, in Greensboro, at $1 per large bottle, or 6 large bottles (full treatment) $5. To prove our faith in B. B. B. we will send a trial bottle free to sufferers, so they may test the remedy at our expense. Address Blood Balm Co., Atlanta, Ga.

TO THE PUBLIC.

The City Treasurer, on account of the unavoidable delay in the collection of the taxes which were due on the 1st day of October, 1900, finds himself at present short of funds, but by reason of the public spirit and accommodation of the Southern Stock Mutual Insurance Company and the Underwriters of Greensboro, I am able to announce that the said companies will cash at their face value all interest bearing warrants issued since September 1st, 1900, by the city to school teachers, policemen and other city employees, when they are in the hands of the original holders and do not exceed $100 each, provided that this order does not hold good after $3,000 has been expended in cashing the said warrants.

Applications should be made at the bank counter of the Southern Loan add Trust Company.

HOG PEN ORDINANCE.

At a meeting of the Board of Aldermen held on the 23rd day of November, 1900, the following ordinance was passed:

Be it ordained by the Board of Aldermen of the City of Greensboro, N. C.

1. That it shall be unlawful for any person or persons to keep any hogs or pigs in the city except in pens constructed, located and cleansed as hereinafter provided.

2. That all pens shall have a plank floor made close and tight, with all the joints closed or broken, which said floor shall be raised at least one foot from the ground at the nearest point and shall be inclined, so that the filth may be easily carried from the pen.

3. That all pens shall be cleaned out at least once a week and lime or ashes shall be used in sufficient quantities to cover the filth removed.

4. That no hog pen shall be located within two hundred feet of any residence, spring or well, or within one hundred feet of any public street of the city.

5. That any one violating any of the provisions of this ordinance shall be fined $10.00.

6. That this ordinance shall be in full force and effect from and after the 1st day of February, 1901.

By order of the Board of Aldermen.

THE WEATHER.

For North Carolina: Fair, tonight and Saturday, except rain near the coast. Warmer Saturday in Western portion.

Highest temperature, in Greensboro, for past 24 hours, ending eight o'clock this morning, 5'; lowest 31.

LOCAL NOTES.

The Charlotee Observer speaks very highly of Black Patti, who appears here tomorrow night.

Mr. Robert Jordan, State lecturer of the K. of P., will meet with the Guilford Lodge tonight.

Judge Hoke will preside over the December term of Guilford court, which convenes next Monday.

Rev. Thomas J. Ogburn will be at the Friends' meeting at Guilford College at 11 o'clock next Sunday.

Chief-of-Police Scott's little boy yesterday fell and severely wrenched his arm. It was at first thought to be broken.

Mr. S. L. Smith yesterday bought the interest of Mr. J. M. Dick in the grocery business on West Market street.

Work will be resumed on the firemen's new building at the market house next week. It has been delayed by the scarcity of brick.

The rabbits suffered yesterday. This morning the grocery stores had choice displays of the meat out. Andrew & Sockwell, on Davie street, had thirty-nine hung up and a man came along with twenty-five more to sell them.

Marriage of Mr. Curtis to Miss Richardson

Mr. Henry C, Curtis and Miss Florence E. Richardson were quietly married Wednesday afternoon at the home of the bride's parents on Guilford avenue. Only the immediate relatives and a few friends of the contracting parties were present. The attendants were Mr. W. P. Turner with Miss Lily Richardson, and Master Alton Richardson. The ceremony was performed by Dr. J. C Rowe, the ring ceremony being used.

The couple left on the evening train for Madison to visit the groom's parents. They will return next week.

Re-argument of Case.

The attorneys interested have been notified that the United States Circuit Court of Appeals at Richmond has issued an order for the re-argument of the case of The Covenant Building and Loan Association vs. W. W. Ellington and wife of this city. The case has been in the courts for some time and has attracted much attention.

District Meeting.

Mr. G. H. Royster reports a very interesting district meeting of the K. of P. at Graham. About one hundred delegates were present. The following lodges were represented: Hillsboro, Durham, Burlington, Raleigh, Henderson, and Greensboro. A banquet was given after the meeting.

Another Bride and Groom.

Mr. Joseph Walser, brother of the ex-Attorney General was married at Yadkin College yesterday to Miss Sadie Thompson of that place. The bride and groom came to Greensboro last night and stopped till noon today and then went to Washington.

The Wah-Hoo Club Entertains.

The Wah-Hoo Club, composed of a number of popular young men, gave a dinner at the Elite yesterday complimentary to themselves. Covers were laid for seventeen.

Notices of New Advertisements.

The Woodward-Warren Company, so pleasantly remembered by many of our theatre-goers, will hold the boards at the Academy of Music all next week. They present the Paymaster Monday night. This is one of the jam-up popular price shows.

Fresh arrivals celery, almonds, currants, raisins, etc.—J. W. Scott & Co.

That Thanksgiving dinner was a very nice one, but it is over now, and W. L. Wharton & Co. want to furnish the material for the other dinners.

DeWitt's Little Early Risers are the best liver pills evermade. Easy to take and never gripe. Howard Gardner.

You can't afford to risk your life by allowing a cough or cold to develop into pneumonia or consumption. One Minute Cough Cure will cure throat and lung troubles quicker than any other preparation known. Many doctors use it as a specific for grippe. It is an infallible remedy for croup. Children like it and mothers endorse it. Howard Gardner.

BISMARCK'S IRON NERVE
Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at C. E. Holton's drug store.
